Web Announcement 2846

## **New Error Codes Will Validate Covered Days on Inpatient and Long-Term Care Claims**

Effective on claims with dates of service on or after August 15, 2022, inpatient and long-term care claims will be subject to the following new error codes to ensure claims are processed correctly. Claims will deny if the Covered Days do not match what is submitted on the inpatient and long-term care claim.

- Error code 282 (Covered days missing)
- Error code 283 (Covered days invalid)
- Error code 313 (Missing invalid covered-non-covered days)

Previously paid claims will not be reprocessed automatically as this is a go-forward change.
